Louisa Sollohub:

The EPA is in receipt of your March 5, 2014 email to EPA Regional Administrator Judith Enck regarding cleanup of the lower Passaic River.

The cleanup of the Passaic River is a top priority for the EPA. This is an extremely complex Superfund site and the agency is not ready at this time to announce a proposed cleanup plan.

We will keep you and the rest of the community apprised of developments on this important cleanup.

Sincerely,

David Kluesner

Could you please release the proposed cleanup plan for the lower Passaic River. I support the bank to bank cleanup and the off-site disposal.

From,
